Research

May 30<sup>th</sup>, 2018

Dear Mr. Jezewski,

In response to the email and letter received from Polish Media Issues in February and May 2018, we assure you that the University has in fact followed its policies and procedures regarding your allegations of falsification and fabrication against Professor Grabowski.

The Allegations were considered in accordance with *Procedure 29-2 - Addressing Allegations of a Breach of Responsible Conduct of Research* and APUO Collective Agreement procedures, and the Allegations have been dismissed based on the fact that they do not satisfy the criteria for a Responsible Allegation, as defined in Procedure 29-2.

Please note that the University of Ottawa remains committed to supporting the principles of academic freedom and defending the rights of our scholars to conduct and disseminate their research.

Yours sincerely,

Sylvain Charbonneau, Ph.D.  
Vice-recteur à la recherche
